Send The Call to some friend for a Christmas present.

Listen, Daughter

Dad knows that Christmas is coming and so does your mother and your brothers and sisters. And we know just what will please you most. So, from present appearances, you are not to be disappointed. But you seem to have the wrong point of view about Christmas, honey, and I want to set you right. Christmas is the season for giving. Get that? The real happiness lies in planning what you are going to do for others and then doing it. The real Christmas spirit fills only those whose thoughts are upon the happiness they hope to bestow upon their friends and upon the unfortunates who think they have no friends. It's not so much what you give as to whom you give. There's a poor woman living around the corner. No one is thinking of what she would like for Christmas. She'd be the second happiest woman in town if you were to walk in on her early Christmas morning with a gift of something warm for her to wear. The happiest woman would be my little girl who brings it. There is old Black Jim, who shovels the snow and carries out the ashes. Never thought of him? Well think of him to the extent of a pair of warm mittens. Knit them yourself. Don't know how? Your mother will start you. It will be twice as much fun for you and old Jim's look of gratitude when you give them to him will repay you more than all the fine phrases of all the young squirts to whom you send neckties they wont wear and pincushions they wont use. Try Dad's prescription, Daughter, and you'll be the happiest girl in town Christmas day. You will find that it isn't getting what you want for Christmas that makes for real joy. You'll discover something. That's right. Start now.—Selected.

CIRCUS HERE**FRIDAY, JUNE 8**

There are bands and bands, but Mr. J. S. Ramsay, advance manager for the Beers-Barnes Circus, coming to McCormick Field, Burgettstown Friday, June 8 for two performances afternoon and evening, 2 and 8 p. m., says Beers-Barnes this year has the stage scoop of many a season in Walt Davis and his Wyoming Ramblers, direct from screen and radio to the circus field.

'Music' the advance manager said 'has always been an outstanding feature of the Beers-Barnes Circus. 'Good music is a Beers-Barnes tradition, and we have lived up to it again this year, to provide the people of circus-minded towns like this with a really marvelous program of the music of the west, together also with singing, whip-cracking, rope-spinning, wild-west stunts of all kinds, and real cow-girls in dancing acts such as many of us have never seen before. It takes us circus people back to the great old days of Buffalo Bill and Pawnee Bill with their amazing exhibitions of the finer things of the old west.

'And even the blase newspaper fraternity will get a kick out of one of the cleverest things in the small-animal show when Munko the Monkey puts forth all the inherited skill of the jungle to set a new world's record in broad jumping, in his attempt to leap across the tent in the big show. He'll make it some day.

'Together, of course, with the clowns. It is doubtful if a crazier more completely disconcerting bunch of these chalk-faced mimics have ever been together in show history. They are a perfectly and thoroughly bughoused lot of laugh-makers whose first and only business is to see that your sides are sore for a week'.

Blue's Tree Service
Burgettstown Enterprise-March 3, 1982 Edition

It won't be long now,
Until the wedding of the pair.
If Bobby knew his "onions"
He'd choose the 'lectric chair.

Betty goes to Petrucci's news stand
For all their greeting cards.
They have them for all occasions,
With the cutest of regards.

Bob says the Wagner Company's coal
Turns Winter into fun,
And there you're sure of getting
Two thousand pounds per ton.

If Betty craves affection,
When driving, Bob'll neck her,
'Cause no matter what may happen
Don Whalen will send his wrecker.

Betty has Shiner's pure pork sausage
For breakfast every day.
If you'd delight your husband
Here is an easy way.

When Barbush cleans your garments,
They come back cleaned right thru,
That's why Bob and Betty's clothing
Always looks like new.

With oil from Allison's service sta.,
And Essolene as fuel
A car that's shot to pieces
Becomes a racing fool.

Whenever Betty wants to bake
She calls Figley's for Larro flour;
She has such great success with it
She bakes things by the hour.

In his Chevrolet from Scott Service Co.
Bob raced the car up hill,
Bob is back in Burgettstown
The others are climbing still.

Bob says Thomassy's Florsheim shoes
Simply can't be beat,
He always buys his oxfords there
To adorn his great big feet.

With a new spring coat from Broida's
And a Cinderella party gown,
Betty finds that Broida's
Have the smartest things in town.

Bob says disease is easy to contract,
But difficult to cure;
Best change to Kimberland dairy milk
And of your health be sure.

With paint from Haines' Hardware,
They'll beautify their place.
This store has paint for everything
Except a lady's face.

At Rosé Lou's Betty gets a facial,
A permanent and a shampoo;
Patronizes Rose Lou's Beauty Shoppe
'Cause the nicer people do.

(Watch for Bob and Betty next week.)

"STRENGTHEN LIBERTY"

40th Anniversary
1950

BOY SCOUTS OF AMERICA

Official poster marking the 40th birthday.

The 40th anniversary of the Boy Scouts of America will be observed Feb. 6 to 12 in every part of the nation by more than 2,300,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme. The Boy Scouts' "Crusade to Strengthen the Arm of Liberty" continues through 1950.

During Boy Scout Week, Units will hold "Crusade Night" meetings when 1949 Crusade Awards will be presented. Representing the 12 Scout Regions, 12 outstanding Boy Scouts will make a "Re-

port to the Nation" at Washington, D.C., where the Movement was incorporated Feb. 8, 1910. They will also take part in an impressive ceremony at Independence Hall in Philadelphia.

The highlight of 1950 will be the Second National Jamboree which will see 40,000 Scouts and Leaders camping together at Valley Forge, Pa., from June 30 to July 6, including Scouts of other lands.

Since 1910 more than 16,500,000 boys and men have been identified with the Boy Scouts of America.

The S-H-R-I-N-K Has Gone From Overalls

Great news for overall wearers! A new type of denim perfected by The Crown Overall Mfg. Co., largest in the world, protects you against shrinking—backed by the guarantee

A NEW PAIR FREE IF THEY SHRINK!

CROWN-SHRUNK Overalls have revolutionized overall wear, fit and comfort! For Crown, the only overall makers who own and operate their own denim mills, has developed an exclusive fabric that solves the shrink problem. And Crown authorizes this store to guarantee A NEW PAIR FREE IF THEY SHRINK!

Not only does Crown-Shrunk Denim resist shrinking but it wears like iron, making Crown-Shrunk Overalls the most comfortable, durable, economical and best appearing overalls ever produced. Also they have more pockets and more special features than any other overalls.

To be sure you're getting genuine Crown-Shrunk Overalls, visit this store and see the Crown guarantee sewed right on the garment A NEW PAIR FREE IF THEY SHRINK!

Burgettstown Enterprise-June 1, 1950 Edition

The Smith-Spring-Holmes Co.

The first of the series of entertainments to be held in Burgettstown this winter will be the Smith-Spring-Holmes Orchestral Quintet on Wednesday evening, October 6th. This is a company of high-class musical interpreters who play the best in music, and who use no clap-trap methods in order to win applause. Their program includes trombone and cornet solos, duets upon the cornet and trombone, cello solos, vocal solos, saxophone selections and ensemble instrumental numbers, readings and pianologues, all of high merit.

Holmes and his exploits could fill a chapter. Holmes is so full of music it oozes out of his pores. He has toured the earth and composed music waiting for trains. * * *

He has been pouring out music that the big publishing houses are glad to pay fancy prices for, and he is still at it. If breakfast is late, he brings out a new march, if the curtain is slow it means another waltz in the repertoire. He just can't stop composing, save when he is playing. He is great playing. His flute is wonderful, so is his soprano saxophone and his cornet. — Ralph Parlette.

Congressman Richmond Pearson Hobson on Aug. 30, 1914, wrote as follows: "I have heard Miss Spring a number of times and enjoyed the work every time with increasing measure. What impresses me most is the variety of her talents and the versatility of her work. She is an accomplished reader and monologist. Her pianologues are particularly effective. She adds the finished touch to the artist in tragedy, comedy, pathos, and humor alike, and withal is very successful in children's pieces. I can bear high testimony to her worth in prelude or in full program."

Tickets for the course of five good entertainments are selling at \$1.50 for adults and \$1.00 for children. Messrs. H. W. Donaldson, Walter Riggle and Clyde Walker, of the High school, are making a canvass of the town and report a ready sale. Anyone desiring tickets should see one of these three gentlemen. It means a big saving to you to buy season tickets. Get them before the first entertainment on October 6th.

HOW TO BE SMART! (In One Easy Lesson)

We don't like to brag but honestly ONE visit to our Christmas Gift Dressings Department will give you more ideas about clever, new Christmas Packages than you could find in the biggest book on earth.

There you will find a totally different kind of seals, enclosure cards, tags, ribbons and wrapping papers from which to choose. Smart packaging is half the gift—and old fashioned holly paper and tinsel cord are as out of date as last year's Easter bonnet.

Give your gifts "a break" this year—wrap them nicely. It costs so little more.

CHARLIE'S STORE TO HAVE GRAND OPENING, FRIDAY

A new business house will be at the service of Burgettstown Community housewives his week end when Charlie's Wallpaper, Paint and Linoleum Store will open for business in the Bloom building, next door to the Keith theatre on Main street. Charlie's will occupy the location formerly tenanted by the Petrucci Market.

Charles J. Amdur, manager, has issued an invitation to all his friends in the tri-state district to attend a grand opening of the new store on Friday evening, February 6 from 6 to 9 o'clock. Attractive souvenirs will be presented to the ladies.

Burgettstown's newest business is located in an attractive store room that has been completely renovated and re-decorated. The walls are pale green with peach and brown trim and the entire merchandise display will be presented in a modern streamlined efficient manner. Hundreds of new spring patterns in wall paper will be easily accessible to the customer from a thirty foot visible wallpaper rack.

Mr. Amdur states that he is in a position to offer 24 hour service in his modern up-to-date store located in the heart of the business section. He has had 25 years experience in this business and is well known throughout western Pennsylvania. He was formerly employed by the Weissberg Furniture Company of McDonald.

Realizing the need for this type of store in Burgettstown Community, Mr. Amdur will show quality wall papers, paint, congoleum and linoleum rugs and floor coverings, window shades, venetian blinds and sundries.

Chevrolet Announces Two New Lines for 1935

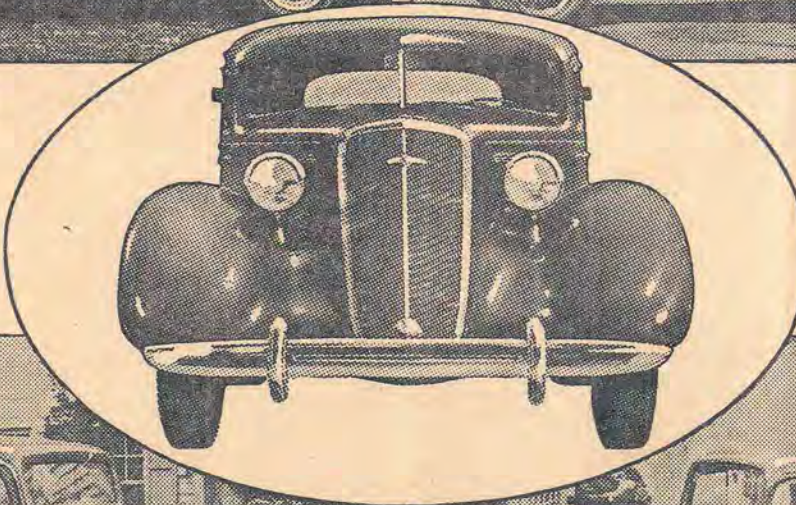

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

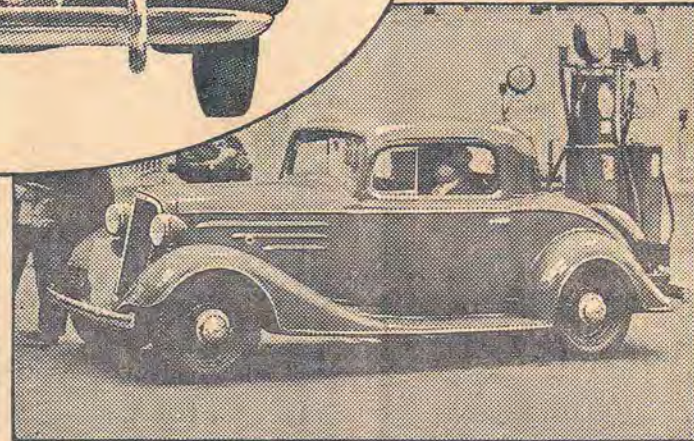

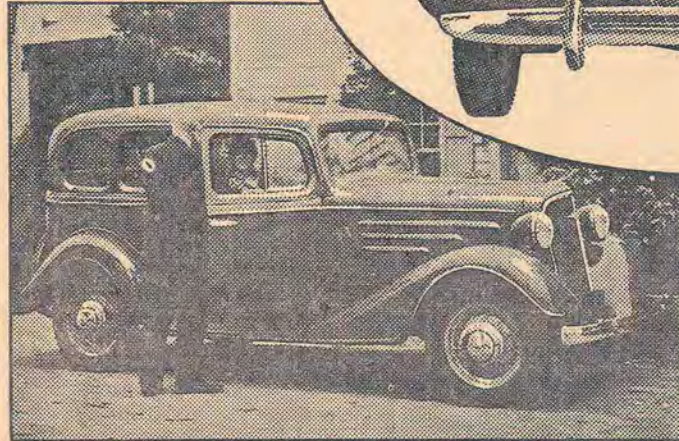

Fleet, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk, and a luggage compartment behind the rear seat cushion.

Right: Front view of New Master De Luxe Coupe, showing roominess and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the improved Master engine, combines brilliant performance with its smartness and style.

Another attractive model in the New Standard series is the Coupe pictured here. Numerous body and chassis refinements, in conjunction with the Master engine, unite to make these cars outstanding values in the lowest-priced field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

Personals

Frank Christy, well known wholesale dealer in Burgettstown, is now operating, as a sideline, a fruit and vegetable wholesale business in Urichsville, Ohio. Mr. Christy joined partnership with Anthony Corso of Pittsburgh in the new business venture, and the two men opened their business house in Urichsville about three weeks ago. Mr. Christy will do the buying; Mr. Corso the selling.

The partners have been acquainted for several years. Mr. Corso was formerly in the fruit and vegetable wholesale business in Pittsburgh, but has moved with his family to Urichsville where he will be in charge of the store. Mr. Christy will continue his business in Burgettstown.

To Men of the
High School
**CLASS
OF '48**

THERE'S a big day coming soon — the day when you get your diploma. By enlisting in the Army or Air Force after graduation, you can take full advantage of one of the finest opportunities ever offered a young man.

**CHOOSE YOUR FIELD OF SPECIAL TRAINING
BEFORE YOU ENLIST!**

If you are 18 to 34 (17 with parents' consent) and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.

Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will be guaranteed training in your chosen field.

The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of 3 among the more than 40 USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.

Either plan gives you good pay, excellent training and a splendid chance for advancement in a real career. You can get full information, including lists of available Specialist Schools and Technical Courses, at your nearest Army and Air Force Recruiting Station.

**To Men with 2 Years or More of College
WIN YOUR WINGS with the Aviation Cadets**

If you are single, 20 to 26½ years old, physically sound, and have completed at least 2 years of college or the equivalent, you may be qualified for pilot training as an Aviation Cadet. Get full details now. Next class starts July 1, 1948.

With eloquence which we the living hear.
They ask not to have back what they have given;
They seek not praise, nor prize, nor earthly acclaim.
They only ask that we who follow after
May profit by the anguish they have borne.
They ask for men the just peace that they fought for,
The better world that they have died to build.”

IH SERVICE PARTS

How many of your farm machines have worn or broken parts that need replacement? Perhaps you'll find quite a few when you check them closely—we know that past parts shortages have delayed much of this repair work.

So make up your list of needed parts... we can start filling it for you now. Shipments are coming through faster from International Harvester factories, and our stock of IH Service Parts is built up to normal. Yes, we can fix you up in a hurry now.

And remember... genuine IH Service Parts fit closer, wear better, last longer... because they are exact duplicates of the originals.

DR. A. O. HINDMAN
Democratic Candidate for Re-election
GENERAL ASSEMBLY
First District, Washington County

For almost six years it has been my privilege and good fortune to serve as your Representative in the State Legislature. It is impossible for me to adequately express my deep sense of appreciation and gratitude for your magnificent endorsement and loyal support. My experience as a Legislator has been of inestimable value in fitting me for further service. Your continued support will stimulate a further desire to serve you conscientiously and to the best of my ability.

It was my desire to contact many of my constituents before April 23rd, but an unfortunate accident on March 17th has kept me in a hospital for more than three weeks and precludes my making the personal contacts which I had so sincerely hoped to make. I am happy to be home and hope to be able to make some contacts within a few days.

I shall appreciate your continued support.

***New Refinements
New Low Prices***

plus a **3 YEAR
GUARANTEE**

IN THESE DAYS of careful buying, General Electric goes more than half way to meet prospective users of electric refrigeration.

Now every purchaser of a General Electric Refrigerator benefits by new advancements—new low prices—and one of the strongest guarantees ever given with a mechanical product.

You get absolute protection, for three long years, against service expense. In addition, you receive more modern refrigeration—complete protection to health and food—reliable performance *always*.

General Electric's simple sealed-in-steel Monitor Top mechanism is now enhanced by many new features. New sliding shelves, new modern hardware, finger-tip latches, and porcelain lining that resists fruit acids, add to convenience and long life. And with these advantages come an all-steel cabinet, three zones of cold, a handy fast-freezing control and maximum food storage space.

Let us show you how easily you may own a General Electric out of income—with no added expense.

Down payments as low as **\$10**
(With two whole years to pay)

What A Difference 10 Years Make!

Only 10 years have passed since the electric range at the left was considered new and smart, but it's pretty much of a "jalopy" compared with the 1940 model at the right. Electric ranges have kept pace with modern trends in functional design. They are smoothly streamlined to harmonize with the built-in cabinets in modern kitchens. Finished in gleaming white acid-resisting porcelain, with smart touches of chromium and color, every detail in construction has been carefully designed to give the utmost in beauty and efficiency. Tops are built in one smooth, easy-to-clean piece of porcelain—lights, clocks and timers are built right into the range. Electric ranges are quite at home in every sort of kitchen—whether the decorative scheme is cute, cozy, gay, efficient or quaint!

One way to pick a car is by looks (Dart).

By room and comfort (Dart). By operating

economy (Dart). By price* (Dart). By

golly, buy Dart—everyone else is!

A honey for the money!

You get Certified Car Care with any new 1960 Dodge car. It's the closest thing yet to a guarantee of trouble-free driving.

DODGE DART

It's not surprising that Dart sales are soaring. Dart is so roomy and comfortable and quiet. Interiors are not just attractive, they're downright luxurious! And when you add Dart's low price and high economy (24.7 m.p.g. in this year's Mobilgas Economy Run), it's not surprising that the Dodge Dart is America's fastest growing low-price favorite!

HAUL WITH THRIFTY POWER... SWITCH TO DODGE!

"...pays off in extra economical operation!"

says
VERNON HANSON
Vernon Hanson
Lumber Co.,
Creswell, Oregon

"We operate over rough off-the-road areas and haul big loads in all kinds of weather," says Mr. Hanson. "Our work is plenty rough on trucks, but our Dodge 'Job-Rated' truck can really take it."

"We've found, for example, that we haul bigger payloads without overloading in a Dodge. Our maintenance cost is exceptionally low, too, and this pays off in extra economical operation."

"And Dodges are sure dependable, day in and day out they really put out the work."

- ▶ For brute power, penny-pinching economy, there's a Dodge truck to fit your needs— $\frac{1}{2}$ - through 4-ton.
- ▶ Get economical performance! Save with Dodge features like fuel mixture equalizing tube (twin carburetion models), wide range of transmissions in medium- and high-tonnage trucks.
- ▶ Want *dependable* power? Dodge engines have precision-balanced crankshafts, pre-fitted type bearings, oil-pressure relief valve, and moistureproof ignition.
- ▶ Slash upkeep, gain extra-smooth operation, with exclusive gyrol Fluid Drive. Available on all $\frac{1}{2}$ -, $\frac{3}{4}$ -, 1-ton, and Route-Van models.
- ▶ Check these Dodge advantages for yourself. Stop by for a good buy.

Switch To Dodge . . . Get Economical Power! Trim fuel bills. Start saving with Dodge economy features like high compression ratios, lightweight aluminum-alloy pistons with 4 rings instead of 3, resistor-type spark plugs on all models.

Go Dodge . . . Cut Upkeep! Keep your truck on the road, earning money. Cash in on Dodge low-maintenance advantages like chrome-plated top rings, exhaust valve seat inserts, floating oil intake, positive-pressure lubrication.

Buy A Dodge Truck . . . They Stay Young Longer! You can depend on a Dodge. Owners' records show longer truck life, due to features like shot-peened rear axle shafts, special steel alloy springs, wear- and heat-resistant valves, rustproofed sheet metal.

GAS COMPANY TO EXHIBIT TRAVELING KITCHEN HERE

Modern enterprise has spoiled another ancient proverb, for a mountain has at last come to Mahomet. Instead of the citizens of Burgettstown and adjacent towns traveling to some central point to see the newest and finest developments in domestic gas appliances, a giant motorized traveling kitchen now brings the equipment to their very doorsteps.

The display, which is owned and operated by The Peoples Natural Gas Company, is housed in a large coach, or "Land Yacht," over 22 feet long, and finished in gleaming white. The coach is hauled by a standard coupe. A gas range, a refrigerator, an ironer, a water heater, an incinerator and a radiant heater, each the most modern of its kind, are all carried on the coach. They are operated from tanks of special liquefied gas, carried in compartments on the car.

The display is scheduled to arrive in Burgettstown on September 22nd, covering the town and adjacent districts on the 22nd and 23rd. Heidelberg, Glendale and Bowertown will be visited on the 26th. The car will cruise through the towns visited, stopping in various neighborhoods so that people in each locality can visit it.

The display is in charge of Miss Pearl Gray, director of the Home Service Department of the Peoples Natural Gas Company, who will demonstrate the appliances.

The Burgettstown district is one of the first field territories covered by the display. After leaving here it will travel on a definite itinerary through other towns in Western Pennsylvania. It is operated as part of a general educational campaign of the Peoples Natural Gas Company.

NOW - YOU CAN BUY AN OLDS FOR \$106 LESS THAN LAST YEAR!

90 H.P. 'SIXTY' TWO-DOOR SEDAN \$838 *

GREAT NEWS for buyers of low-priced cars! Oldsmobile has brought out a brand new "third car"—the 'big, brilliant Olds Sixty—to sell right square in the low-price field. To those who have previously driven smaller, lighter cars, here is a marvelous opportunity—the opportunity to get Oldsmobile styling, performance and quality at a price they can easily pay. For the new Olds Sixty Sedans—both the Two-Door and Four-Door models—are priced \$106 less than the lowest-priced 1938 Oldsmobile sedans. Before you buy any low-priced car, drive an Oldsmobile with the new Rhythmic Ride. Check its size, features and appointments. Then compare prices. We're sure you'll agree that this year... "You Ought to Own An Olds!"

LOCAL FIRMS TO AWARD PRIZES AT COOKING SCHOOL

The Burgettstown Enterprise is being delivered early this week, to remind housewives in the Community that today (Wednesday) the Enterprise sponsored "Home-Making" school will open classes in the Union high school auditorium promptly at two o'clock this, (Wednesday) afternoon. Hundreds of interested home makers from the entire area have shelved all other plans for the remainder of the week, in order that they may attend Mrs. Dorothy Bathgate's classes to learn the newest methods of home-keeping. It is also rumored that classes will not be all to the "larnin'" side, women who attended the school two years ago remember Mrs. Bathgate and her assistant, Mrs. Lema Parry as "good sports" who inject plenty of pep and fun into their programs.

Working against the beautiful background of a spotless, modern kitchen, Mrs. Bathgate and Mrs. Parry will "tell all" in the latest approved methods of keeping a family happy at meal time and having some fun in life during leisure time hours.

The "home making" school teacher will be presented by Mrs. Eugene H. Vosburg. Mrs. Vosburg will have as co-hostesses for the school several members of the Burgettstown Friday club, who will serve as ushers and assist with the distribution of each day's prizes.

Assisting hostesses will be Mrs. Bessie Scott, Mrs. Frederick Pope, Mrs. Boyd Sloan, Mrs. E. S. Wheeler, Mrs. H. H. Sonnhalter and Mrs. C. W. Tope.

Never let it be said that any "pupil" at the Enterprise school came for prizes, but even so, this year they are well worth "hoping for." The grocers of the Community have been generous and large baskets, brimming full of seasonable foods will be given out each day with the compliments of D. Petrucci and Son, W. R. Shiner, Langeloth Market, Cindrich Stores, Sciamanna's Market, B. B. Figley, Butler Market, North Main Market, Carnation Milk Co., Delfrate Meat Packers, Scott and Westlake's and Boles Fruit Farm.

Participating electric dealers A. A. Haines, John Zupan and the Penn Electric Co., with headquarters at Cook's Hardware will present housewares for gifts. The equipment used by Mrs. Bathgate in preparing foods will come from Haines, Zupan, Penn Electric, Langeloth Market and Burgettstown Furniture store.

After all the cooking has been finished each day and the questions answered, names will be drawn to see who will take home the gifts from the merchants and samples of Mrs. Bathgate's electric cooking.

When the program opens this afternoon, Mrs. Bathgate in a typical housewife's dilemma will be seen viewing her kitchen with an eye to casting out worn-out utensils from the kitchen cabinet. She and Mrs. Parry will discuss which pots and pans shall be "pensioned" and why, in such a clever way that every woman who attends will wish that she could restock her kitchen. Mrs. Bathgate will point out the inefficiency of outmoded equipment and show why such equipment often proves an extravagance, when inexpensive new equipment will do the job much better.

Continuing the discussion, Mrs. Bathgate will prepare any number of delectable dishes—cakes and pies—barbequed chicken and oven dinners with the most appetite provoking odors, party salads, and ice cream. As she completes each work of culinary art, she will arrange it under a lighted mirror in full view of the audience.

Tomorrow, Thursday, Mrs. Bathgate and Mrs. Parry will make entertainment out of kitchen tasks at the second class of the Enterprise Home-making School. They'll present a skit, as part of their program, in which Mrs. Parry cooks a meal, "while the coffee perks." Any housewife who has ever been confronted with the problem of getting supper in a hurry will appreciate their lively way of telling a cooking story with a "moral."

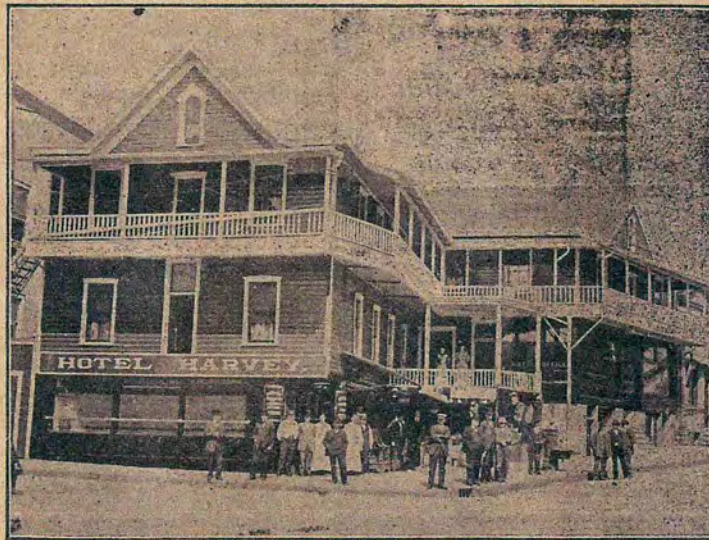

Class starts at 2 o'clock promptly, so be on hand so as not to miss a minute of it. The program will be an entirely different one from Wednesday's and there will be another set of printed recipes. If you haven't seen Mrs. Bathgate's spic and span, all-electric kitchen, with its efficient working arrangement and unusual color scheme, be sure to attend.

YOUR SCRAP METAL Is Needed Now for VICTORY

A critical shortage of scrap metal now exists in United States War Industry. Unless more scrap is forthcoming at once, war production will slow down and months, even years will be added to this fearful battle.

It is of the utmost importance that every pound of scrap metal on your farm start moving now toward America's steel mills and foundries to make more war material.

To help you get your scrap moving, this store will cooperate in every way possible. Canvass your farm from the attic to the farthest fence corner. Gather every bit of old metal into a conveniently located pile and drop a post card to this store telling us approximately how many pounds you have collected.

Your card will be turned over to a scrap dealer who prepares scrap for the mills. His truck will be routed past your farm to pick up your scrap soon and get it started toward the fighting front.

This store collects this information and passes it along as a patriotic service without commission or profit of any kind. Our work in this campaign and the cost of this advertising is our contribution to victory.

It is your patriotic duty to collect your scrap and notify this store at once.

**William Sztukowski Says
Tax Part-Payment Plan
Should Be Restored
In Smith Township**

With taxes at their highest level and still going up, and with the present employment problem, BILL SZTUKOWSKI says, "I feel that all public officials should do everything to give best possible service to everyone. People in Smith township should be permitted to pay their taxes in the most convenient manner. They should be able to make use of the part-payment plan."

"Right now a tax payer has to come up with all his payment at one time. He should be able to pay his taxes in installments."

A vote for BILL SZTUKOWSKI, the man who believes in good service, is a vote for Smith township people.
