A Matter of Great Importance to You

If suffering from long-standing Chronic Diseases of the Blood, Skin and Nervous System,
as well as those suffering from

Eye, Ear, Nose and Throat Trouble

J. J. McCLELLAND, M. D., Specialist,

At the request of many Friends and Patients, has decided to visit

BURGETTSTOWN,

—AND WILL BE AT—

THE EXCHANGE HOTEL

Thursday & Friday, Aug. 1 & 2, 1895

Will visit this county every FOUR WEEKS, thus saving his patients the trouble and expense of visiting the city, as he is the only Physician and Surgeon in the country who carries his own manikins, models, diagrams, etc., to illustrate and make plain to all the afflicted the cause and nature of their disease. This will give his numerous patients and others who are in need of medical treatment an opportunity to consult this distinguished physician, whose duties at the Institute will permit only monthly visits to your community.

Chronic Diseases of the Eye,

Such as Granulated Lids, Chronic Inflammation of the Lids, of the Iris, of the Choroid, of the Retina, Chronic Ulceration, Cancer of the Lids and Eye, Tears running over the Cheeks, Day and Night Blindness, Purulent or mattering Sore Eyes, Ophthalmia, Syphilitic Ophthalmia, Red Blisters or Brown ones on the ball, Phlyctenular Ophthalmia, Opacities or milk-white spots on the Eye, Glaucoma or cupping of the nerve, Amaurosis, Falling out of Lashes, Sores, Redness of Edges of Lids and Eyes, and all other diseases to which the eye or its appendages are liable, positive and rapid cure guaranteed.

Ear Troubles are Cured

In an astonishing quick time. He will relieve you of all roaring, hissing and ringing noises, heaviness, itching, pain, running of the Ear; will close up a drum of fifty years' standing; will insert Artificial Ear Drums of his own invention with astonishingly gratifying results.

A Word about Catarrh.

It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vitals and renders life a long-drawn breath of misery and disease, dulling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasure of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating the delicate coats, resulting in inflammation, sloughing and death.

Diseases of women, such as have baffled the skill of all other physicians and remedies quickly cured. Cancers, tumors, fibroid and polypoid growths cured without the use of the knife or caustic. No cutting, no pain, no danger.

Small tumors, cancers, warts, moles, etc., removed without acids, knife, pain or scar. New method. Fleurosis, Epilepsy or Fits scientifically treated and positively cured by never-failing method. Address all communications to 63 S. High St., Columbus, Ohio.

Nothing short of total eradication will secure health to the patient, and all alleviates are simply procrastinated sufferings, leading to a fatal termination.

Chronic Diseases.

The Doctor treats no acute diseases, but makes an entire specialty of chronic and long standing diseases. Cases given up by other doctors and pronounced incurable, they most desire to see. The doctor has treated over 10,000 cases in Ohio in the last twelve years, many of which had been given up as incurable some to be blind, others deaf, and now behold they see and hear, and many are started on the high road to health and recovery every day.

The doctor is surrounded with the largest collection of fine instruments ever imported to this country for examining and treating all Chronic diseases of the head, face, eye, throat, heart, lungs, stomach, liver, kidneys, bladder, skin, brain and nervous system, cancers, tumors, piles, swellings, old sores, fits, paralysis, neuralgia, rheumatism, dropsy, gout, sick headache, debility, depression of spirits, diseases of children, hereditary diseases, etc., etc., and is fact all long standing and chronic diseases.

Rectal Diseases.

He also makes a specialty of all forms of Rectal diseases. Piles—internal and external itching and bleeding, rectal ulcers, fissures, fistula—which are often taken for cancerous and lung diseases, all cured if taken in time. Remember he cures all forms of piles without pain, interruption from business, and without the use of a knife, caustic, lineture or injection. Come and be convinced.

Detailed description: This is a rectangular advertisement for 'Lay or Bust' feed. At the top, it says 'The Park & Pollard Co' in a small font. Below that, the brand name 'LAY OR BUST' is written in large, bold, serif letters. Underneath the brand name is 'DRY-MASH' in a slightly smaller font. The central part of the ad features two chickens: one on the left looking towards the center, and one on the right looking towards the left. Between them is the text 'Your hens will be on the nest every day if you feed them LAY OR BUST'. The words 'on the nest' are underlined. Below this text is a small copyright notice: 'COPYRIGHT 1915 BY THE PARK & POLLARD CO'. Underneath the copyright notice is the phrase 'WE SELL IT' in bold. At the bottom of the ad, the name 'J. C. FULTON & CO.' is printed in a large, bold font, with 'BURGETTSTOWN, PA.' underneath it in a smaller font. The entire advertisement is enclosed in a double-line border.

HEADQUARTERS for HOME IMPROVEMENTS

Make your Basement into a Game Room...with J-M Insulating Board

Here is just one example of the many ways you can "fix up" your home. A dreary old basement, turned as if by magic, into a bright, cheerful game room where young and old may frolic!

This can be done quickly, and at surprisingly little cost, with Johns-Manville Insulat-

ing Board and decorative, colorful Flexboard.

And **HERE'S NEWS!** You can finance the work, with no down payment, through the Johns-Manville "\$1,000,000-to-Lend" Plan—under the terms of the National Housing Act—at the lowest rates in history.

Compare as you will

The exciting New Hudson is today's best buy!

Measured *any way at all*, that exclusive "step-down" design makes Hudson *more car for your money!*

MOST BEAUTIFUL! Millions voted Hudson "Most Beautiful of All!" No wonder! It's the *lowest-built, safest* car in America! With full road clearance! That's "step-down" design!

ROOMIEST! Roomiest seats of any car on the road! Leg room enough for your longest friends, head room to spare. That's "step-down" design!

RIDING-EST! Hudson sits you *down within* the base frame, and *ahead* of the rear wheels, where safe, soft, *smo-ooth* riding begins! "Step-down" design again!

PERFORMING-EST! The all-new, high-compression Super-Six engine—America's most powerful Six—or the Super-Eight, perform at their brilliant and economical best because this car is so low-built, so streamlined. "Step-down" design again!

Four-star hit!

Crowds everywhere hail

New Hudson

the car you step down into!

HUDSON is a new type of motor car no one else in America is prepared to build today! It's just five feet from ground to top, but with *more* inside head room and roomier seats than in any other mass-produced car.

Hudson is the only American-built car you step *down* into when entering, not *up* on—yet it maintains road clearance.

Hudson's new, all steel Monobilt body-and-frame* is the only motor-car construction that completely encircles you, even outside the rear wheels, with a rugged box-steel foundation frame.

You ride within this frame, cradled between axles. And as you ride, Hudson's combination of unique construction and comfort features gives you a sensation of safety and smooth going unlike anything you've known before!

Try automatic gear shifting in forward speeds as provided by Hudson's "Drive-Master" transmission. Drive Hudson's all-new Super-Six engine—the most powerful six built today—or the masterful Super-Eight.

Stop in at the nearest Hudson showroom. Discover why Hudson is the Number-One attraction today!

*—makes homes
easy to heat*

Solid Rock Becomes Wool

From solid rock, Johns-Manville makes an insulation that at last makes homes really livable. Limestone is actually blown into light, fluffy wool and felted into bats that have all the appearance of cotton batting.

FROM the Johns-Manville laboratories has come an amazing new insulation, a light, fluffy, wool-like substance that is actually blown from rock. It looks like cotton, but is a pure mineral, with all the characteristics of its stony origin—clean, fireproof, vermin-proof, permanent, odorless.

When installed in your attic floor or ceiling, it forms a heat-proof barrier more than 3 inches thick. Results are astounding. Costly heat is kept inside the home, and you can depend on savings of from 20 to 35% on your fuel bills. Furthermore, in the summer, your home

will be from 6 to 12 degrees cooler on the hottest days. Experts agree that only thick rock wool will protect homes against heat and cold in a truly scientific way.

Phone us today, and let us tell you how little it will cost to make your home really livable every day in the year. There is no obligation.

The only "Sure-Thing" Left

GOOD INVESTMENTS ARE EXCEEDINGLY RARE THESE DAYS . . . A GOOD HOME TO BE OCCUPIED BY YOUR OWN FAMILY IS ABOUT THE ONLY "SURE THING" LEFT.

MONEY INVESTED IN A HOME WILL PURCHASE SECURITY AND SATISFACTION BEYOND THE REACH OF THE NEXT DEPRESSION.

HOUSING IS A NECESSITY IN BOTH GOOD AND BAD TIMES. NO GENERAL ECONOMIC DISTRESS WHICH MAY GREATLY IMPAIR THE VALUE OF MOST OTHER FORMS OF WEALTH, CAN DETRACT FROM THE YEAR-IN AND YEAR-OUT SERVICE OF YOUR HOME . . . ITS VALUE TO YOU IS AS CONSTANT AS YOUR NEED FOR SHELTER.

THE RESALE OF A GOOD RESIDENCE ON THE OPEN MARKET AT ANY PARTICULAR TIME IS SUBJECT TO LESS VIOLENT FLUCTUATION THAN INVESTMENTS WHICH DEPEND UPON THE STATE OF BUSINESS PROFITS FOR THEIR VALUE.

A HOME IS DEFINITELY NOT A SPECULATIVE INVESTMENT. HIGHER PRICES CAN BE EXPECTED SOON, DUE TO WAR CONDITIONS.

BUILD NOW!

**Fireproof J-M Asbestos Shingles
end side wall upkeep forever!**

If your house looks "down at the heels," re-side it with beautiful Johns-Manville Cedar-grain Asbestos Siding Shingles. Not one has ever worn out or caught fire. You'll have *no more bills for side wall painting or repairing!*

You can finance this and many other home improvements on convenient monthly terms with no down payment, under the Johns-Manville "\$1,000,000-to-Lend" Plan, at the low rates prescribed by the National Housing Act.

ESTIMATES GLADLY FURNISHED.

Protection Against Cold.

Linn Brothers, local dealers in lumber and building supplies, have been performing real community service in affording residents an opportunity to fortify their homes against the extreme cold which has marked the present winter. Linn Bros. install an insulating material inside buildings that conserves heat, keeps out cold and reduces fuel bills and lessens the labor of heavy furnace firing at small cost. The insulation also operates to keep out the heat of summer and makes homes comfortable the year around. Read their ad on page five headed "Science ends Danger of Wintry Homes," and ask them for details.

The seven dollar misunderstanding

The misunderstanding has to do with Chrysler and prices. Let's clear it up together.

This year, a full-sized Chrysler Newport 2-Door Hardtop is priced less than \$7 a month more than the most popular smaller cars.

And when you compare a Chrysler with cars that are even smaller than Ford and Chevrolet, you're really in for a surprise. Their

names are the only thing big about them.

Every car compared below is a 2-door hardtop. They all have V-8 engines, automatic transmission, power steering, power brakes, radio and heater. There is only one meaningful difference: Chrysler is the only big one.

So why not see your Chrysler dealer today? Move up to Chrysler . . . it's easy!

Make	Wheelbase	Overall Length	V-8 Engine Cubic Inch Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	218.2"	383	\$65.67	—
FORD GALAXIE 500	119	210.0	289	58.94	\$6.73
CHEVROLET IMPALA	119	213.1	283	58.94	6.73
OLDS F-85 CUTLASS	115	204.3	330	59.26	6.41
BUICK SPECIAL SKYLARK	115	203.4	300	58.65	7.02

BASIS OF COMPARISON—All models are 2-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturers' suggested retail price, one-third down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance and licensing fees.

Tires expertly capped with SKID-RID stop your car quickly, safely, and without use of chains. Skidding and sliding are reduced to an absolute minimum on wet brick, wet concrete, wet black-top, by SKID-RID.

SKID-RID is not just a surface feature. It improves as mileage is added to the tires. The unique skid reducing feature is milled into the rubber and its "anti-slide" qualities penetrate the full thickness of the tread.

Save time, fuel, effort . . . enjoy cooler kitchen

with this amazing Maytag Dutch Oven Gas Range!

Look again . . . it's no ordinary range! Cooks superbly by usual methods or *automatically*, by the famous Dutch Oven principle used in colonial days.

Maytag is the only range that automatically turns off the gas and keeps right on cooking!

Put your meal in the oven, set the dial

. . . and relax. There's nothing more to do till serving time. Gas burns but a fraction of the cooking period . . . shuts off automatically at the specified time. Stored-up heat finishes the job . . . brings out flavors as only Dutch Oven cooking can.

Make it a point to see the outstanding features of this new range right away. Come in today!

"I was Lucky!"

Lucky because I just stopped one in the leg. But Smith and Weinberg and Farley . . . they're dead. Dead because we didn't have one more grenade to throw!"

That's an American soldier speaking. Speaking your language.

He's asking for more guns to fight with. More tanks, more planes, more grenades to crack down on the enemy with.

Well, let's give them to him!

Let's *loan* 10% of our pay to the Government. Let's put it in War Bonds. Let's loan Uncle Sam the money to make *more* tools of war.

It's a loan because the money you put into War Bonds *now* comes back to you in ten years *with*

a healthy bonus of good interest! For every \$3 you lay aside for War Bonds pays back \$4!

So put at least 10%—not 6%, or 7%, or 8%, but 10% of your pay to work killing Japs and Nazis—and making money for you at the same time! Sign up in the Payroll Savings Plan *today!*

* * * *

WHAT YOU SHOULD DO:

If you are . . .

1. Already setting aside 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank. They will be glad to help you start a Plan of your own.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

*Optional at extra cost

BEST TIME OF YEAR TO BUY!!

**THE YEAR'S
BEST SELLER**

CHEVROLET

You couldn't pick a better time to buy your new Chevrolet (or Corvaire) than right now when more people are buying them than ever before. Chances are good you're going

to like what Chevy's got just as much as everybody else. (Especially the money you'll save.) Check your dealer on the details while there's still a wide choice of models.

This is the sprightly Impala Convertible

CHEVY'S CORVAIR THE YEAR'S AWARD-WINNINGEST CAR

Corvaire—already proud winner of Motor Trend magazine's Car-of-the-Year award for engineering advancement—now walks away with another one: the coveted Industrial Designers Institute Gold Medal. The award was presented to William L. Mitchell, General Motors vice president in charge of Styling Staff, in recognition of Corvaire's "finely scaled proportions, with a minimum of ornamentation." Your Chevy dealer's waiting to show you Corvaire's everything the experts say it is.

**Skip the sulphur and molasses—
get a CHEVROLET SUPER SPORT**

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel*.) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super

Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and waft on down to your Chevrolet showroom.

*Optional at extra cost.

Models shown clockwise: Corvette Sting Ray Convertible, Corvair Monza Spyder Convertible, Chevrolet Impala Super Sport Convertible, Chevy II Nova 400 Super Sport Convertible. Center: Soap Box Derby Racer, built by All-American boys.

BIDS OPENED ON PANHANDLE ROAD

Rothey Bros. Inc., of Elizabeth, submitted the low bid at Harrisburg for the improvement of a major section of the McDonald-Burgettstown road.

The section is 4.26 miles in length and the Rothey bid for the project was \$350,358.

The section includes that portion of the Panhandle route in Smith and Mt. Pleasant Townships and Midway Borough.

The improvement will be of a type similar to two other sections improved in the past few years.

Trains that get the "breaks"

Troop Trains. Because a million troops a month must be moved—and, in addition, the arms and ammunition they need.

Food Trains. Because food for our fighting men—for our allies—and for our "home front" is vital to victory.

Coal Trains. Because coal is the nation's greatest single source of heat, light, power—we can't win the war without it.

Oil Trains. Because they must replace tankers, to serve homes, cars, factories—and to quicken overseas oil shipments.

Once great passenger trains had the right-of-way.

And they will again!

But right now there is a war to be won. So trains vital to the war effort get priority.

And we don't think there is a single American who would have it otherwise.

In fact, evidence of that grows daily. If their train is late, business men take it as something that can't be helped. They know why.

And so with any travel inconvenience that may be encountered. Demand for equipment is now so great that on arriving at terminals cars must be put right back into service, so you may find them not quite so spic and span as we would like. Housekeeping

facilities are adequate but there's not always time.

But Americans are taking all this like good soldiers. For they know this is a war of movement, and that movement begins right here—in America.

NEW FORDS ON DISPLAY AT POVERO'S

Distinctive new styling of both front and rear of the new 1951 Fords is shown in this photo of the Convertible and the Custom Club Coupe. The dual-spinner grille and longer, wrap-around bumpers give the front end a wider, more massive appearance and additional chrome and wider tail lights add to the rear end appearance. The 1951 models feature Fordomatic Drive, the new automatic transmission, as optional equipment.
