# Foreword

The Senior Class of 1945 has worked hard to present a new and better "U". It would not be possible to produce our "U" if it were not for the co-operation of the faculty, student body, and community.

In this war year we have encountered many difficulties. We want to thank the printers who carried out their contract and the photographer who did a splendid job on the pictures.

We wish to give our sincere thanks to our parents for making our education possible. If it were not for their continual help, many of us would not graduate. They are always urging us toward improvement.

The businessmen have been very co-operative. They have given us generous ads which have helped us enlarge our book.

The annual is a very important book for the Seniors, but it is also important to the Juniors, Sophomores, and Freshmen. The annual gives us a chance to relive some of our happy times in Union by bringing back familiar scenes and faces to us in years to come.

It is the desire of the "U" staff that the annual become a permanent book in Union and that it will be bigger and better each year. The "U" staff is very proud to present the 1945 "U".

# Dedication

We dedicate this yearbook to Mr. J. W. Welch, a man who started as a principal when we started as Freshmen. He is not a newcomer to Union. Mr. Welch has served Union for eighteen years as a ~~foot-ball~~ coach, mathematics teacher, and principal. He has a good understanding of students, a very gracious and helpful manner, and a good sense of humor. These qualities have won for him the respect and admiration of the students of U. H. S.

## An Overheard Conversation of the Honor Roll Committee

"Now what's your opinion?" Maropis inquired.  
(This I heard through a crack in the door.)  
"Shall we start at the first, or begin to begin  
Where somebody started before?"

"I don't know," said Ed, who is always in doubt.  
Remarked Frances, "We ought to be fair."  
"It makes no great difference," I heard Larry say,  
"As long as my name will be there."

"Do we honor all soldiers of Union High  
Or select just the ones who are grads?"  
"Whatever we do," suggests Katherine, the just,  
"Be sure to include all the lads."

"Shall we hire the work done, or do it ourselves?"  
Said Maropis again from the chair.  
"I think we should hire it." Thus Klugh volunteers.  
"If we work, I may not be there!"

"Will the letters be small, the size of a pin,  
Or about like a normal barn door?"  
"Well, I'm willing to compromise," Gusty concedes,  
"But I want 'em three foot or four."

"I insist," protests Dot. "I too," whispers Kay,  
"The honor roll must be erected."  
This is what our senior committee went through;  
I'm glad I wasn't selected.

# Senior History 1945

The four years we have spent in high school seem so short now that the end is near. The struggles and hardships seem like such little things and the thought of parting brings a tear to the eye of the most hard-boiled of us.

The time since our first day of the school term has gone very quickly, but the things that have been done, the fun we've had will always be among our fondest memories.

Let us go back to our very first day at Union. How well we can remember the way we watched and envied the Seniors and couldn't find our right classrooms. Soon after, though, came our first get-together, the Hallowe'en party. The Tri-Hi-Y and several other clubs were open for our membership. The Junior Home Economics Club made its debut as a club in Union. The year was a truly enjoyable one and we had the following students chosen as our class officers:

President ..... George Maropis  
Vice-president ..... Robert Skinner  
Secretary ..... Rita Panconi  
Treasurer ..... Josephine Goldbach

As Sophomores we were on our way to becoming better acquainted with each other and the surroundings under which we lived five days a week. We chose for class officers:

President ..... George Maropis  
Vice-president ..... Manuel Martinez  
Secretary-Treasurer ..... James Reed

The first big occasion was the Sophomore class party. The year rolled quickly by and soon we found ourselves Juniors! Yes, upperclassmen! To serve the year as officers were:

President ..... George Maropis  
Vice-president ..... John Melton  
Secretary-Treasurer ..... Helen Wukelic

Other big events of the year were the Junior class party and the selection of our class rings from the Balfour Company. Our annual class play, "Don't Take My Penny", was something to make us all proud to be Juniors. The prom also held a prominent place in our thoughts. Everyone had a grand time dancing to the music of Stan Vinton within the merry-go-round atmosphere.

Finally September 7, 1944, the awaited day, arrived! The Seniors came back to their final year in high school determined to pack every bit of fun and triumph that they could into the few months remaining in which they would still be with their friends. Just one more year! We were the leaders of the school!

Classes soon began. For the fourth term we asked George to again serve as our President. The result of the election showed the chosen officers to be:

President ..... George Maropis  
Vice-president ..... Gus Diamond  
Secretary-Treasurer ..... Joseph Fernandez

Our minds were busy with many things this year. The boys stretched their necks and pulled at their ties and the girls fluffed their hair and applied a little more make-up the day we took our Senior pictures. Seeing the boys in suits and the girls in their best dresses was indeed a treat for the rest of the students.

There was the fun of choosing invitations, selecting and writing name cards. No matter what hour of the day, the little blue boxes and white cards could be spotted on tables and desks and the writer, pen in hand, absorbed in 'thought, or busily scratching down some striking thought about a fellow student.

"The Fighting Littles", the Senior class play was a great success. Mr. Little's outbursts of rage and Filmer's amusing quips and capers will not soon be forgotten.

Nineteen forty-five will be remembered as a great sports year at Union. How those bleachers shook under our enthusiastic feet as the fighting eleven pranced out to the gridiron. Didn't we Seniors have a right to be proud of our lettermen, Joseph Fernandez, John Melton, Gus Diamond, George Maropis, Thomas McGraw, Tony Stanish, Ray West, John Boni, Kenneth Capozzoli, and Albert Garcia who led our team to shining success. Their victories added much to our year.

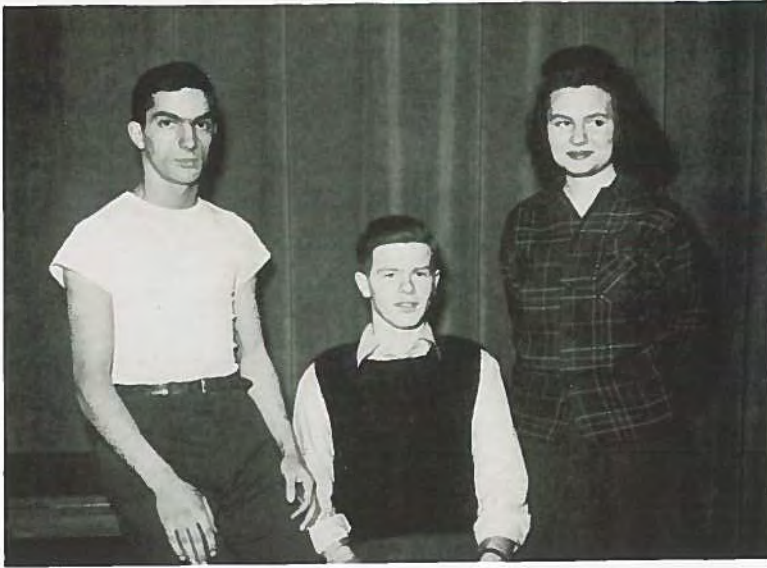

Our basketball team was no less triumphant in its campaign. Our eagerness at games knew no bounds as the ball flashed through the basket and our scoreboard showed two more points for Union. John Melton, George Maropis, Andrew Gratchen, Albert Garcia, Manuel Martinez and Joseph Fernandez were outstanding Seniors who gave plenty of competition to contending teams.

Our senior pageant was an annual event eagerly awaited by every Senior. Realizing that each one would be called upon to contribute in some way, apprehension of stage fright filled quite a few hearts, but they bravely carried through.

The more exclusive commencement program was cause for much eager anticipation among the students who had done outstanding work during the year, and all the students wondered whom the chosen few would be.

All these things will be happy memories for us, but right now we're looking ahead. Who knows what the future holds for the members of our class? Time alone will tell.

Let's hope that on some bright day to come we'll meet again, and that we'll all be happier and more prosperous because of our early training at Union.

# The Junior Class

This ambitious and industrious class has taken up the heavy responsibilities of Juniors with a smile.

For class officers they chose:

- President ..... Jim Lee
- Vice-president ..... Christopher Maropis
- Secretary-Treasurer ..... Betty Cowden

Strangely enough, both the Junior and Sophomore classes chose leaders in sports for their class officers. Jim and Chris have made quite a name for themselves in basketball. Moe Dowler, too, has proven his ability in this sport, as well as in football. The Juniors were proud of George Stiak, Regis Friday, Robert Curtis, Pete Coleman, and other members of their class who helped compose the B-Squads of our teams.

The Juniors have taken advantage of club activities, too, and plan to make the most of them.

How anxiously they awaited the day for choosing their rings! The final choice was a beautiful selection from the Josten Company. The Junior play and the prom aroused much speculation and excited enthusiasm. The success of these events was assured by hard work from all participants. The class project discussions progressed with lively interest.

Of course, all was not fun, for they had work with their recreation. However, the Juniors who will soon be sitting in our vacant classrooms will not, we are sure, fail in their jobs.

## The Sophomore Class

Yes, the Sophomores came back this year with a look of "we know our way around" on their faces. They now knew their classmates well and started the year off with the following as their class officers:

President ..... William Morris  
 Vice-President ..... Mary Golubofsky  
 Secretary-Treasurer ..... Ascension Campos

William Morris and Ascension Campos, chosen to lead the Sophomores as officers, proved to be leaders in sports as well. Bill excelled in basketball and Ascension shone on the gridiron. Wade Buckwalter was another football hero whom the Sophomores proudly claimed as their own. We feel sure that a great number of Sophomores now on the B-squads will come into their own in future seasons.

The Sophomores proved themselves worthy members of the clubs which they joined. They provided keen competition for the Juniors in the magazine sale race. At all the games their voices could be heard, loud and clear, encouraging our team to rise to victory. They did not allow the school to forget that they were a part of Union.

The Sophomores looked forward to their class party in early April and the fun they would have at other affairs. They had a very enjoyable year and hoped that next year would top it.

## *The Class Freshman*

They waited and waited and finally the big day came, September 4, 1944; and through Union's doors marched 200 frightened, yet excited, happy Freshmen. They hunted for their different class rooms and looked admiringly at the upperclassmen.

Some of the boys were severely initiated, but the next day came with all the Freshmen happy and looking forward to their first year at Union.

Things soon settled down, however, and the following were chosen as class officers:

President ..... Anthony Valenti  
 Vice-president ..... John Darras  
 Secretary-Treasurer ..... Anna Sherasky

The first event of the year was the annual Hallowe'en party in the gym. It was a grand success and gave the pupils a good opportunity to become better acquainted.

Several clubs, Civics, Dramatics, Industrial Arts, Sports, and Archery, were open to the Freshmen. Realizing the value of being active, many responded. The regular club members welcomed the newcomers with initiations and parties and soon made them feel at home.

Of course, their high school days have only begun and there will be many tough and difficult decisions ahead. Nevertheless, the friendships and fun yet to come is truly something to treasure as lifetime memories.

The members of the U-Staff are divided into two groups: the Editorial Staff and the Business Staff. The Editorial Staff prepared the articles concerning all the different clubs and classes. This group gained much information about the work of art, different arrangements of pictures, and the designing of the book.

The members of the Business Staff sold the ads for the book. The staff presented an opening program to introduce the 1945 "U". This began a week of intensive sales campaign. One hundred more books were sold this year than last.

2nd—H. L. Tennyson, T. B. Stevenson, J. W. Welch, E. J. McCluskey, J. Lee, J. Fernandez.

The membership of the Athletic Council includes students, faculty members, and school board members. The faculty members are faculty manager, coach, principal and supervising principal. The school board members are those chosen by the president of the board. The students are elected by the student body.

The duties of the Athletic Council are to ap-

prove schedules and budgets, determine athletic policies, set admission prices and to aid with the athletic program wherever possible. All their meetings are subject to call by the president.

At the end of each school year the Athletic Council winds up its affairs by giving the last formal dance of the year—the Athletic Dance.

Organized in 1917 when construction of Union High School was started, the Burgettstown-Smith Township Joint School Board, though somewhat unwieldy because of its make-up, has functioned rather satisfactorily for the past twenty-eight years. It is composed of all members of the School Boards of Burgettstown Borough and Smith Township, making a total membership of twelve, five from Burgettstown and seven from Smith

Township. This Board meets currently on the second Wednesday of each month to transact all business relating to the operation and maintenance of Union High School. Each school district helps to finance the high school chiefly in proportion to the number of pupils enrolled from that district. Other districts whose pupils attend Union High School pay a monthly tuition fee for those pupils to the Joint School Board.

The Student Court is a self-governing body of the students composed of two officers from each class. These eight students act as jurors and the chosen president of this group acts as the judge. This assembly is a true expression of democracy in that these nine students represent the entire

student body. The transgressors of our student body are tried and the penalties imposed on them are agreed upon by the entire Student Court. The Student Court welcomes reports, suggestions, and co-operation of all students as well as teachers.

The Student Council is an organization whose membership consists of the class and home room presidents and vice-presidents. This group is a self-governing body. The members act as representatives for the entire school. The purpose of the organization is to interpret and enforce the

school laws. The council established a student court which punishes any student who disobeys the laws. School dances and social affairs are held. Student Council funds are used for organization projects.

Tri-Hi-Y, the companion club of Hi-Y, is a state organization of high school girls whose purpose in organization is "to create, maintain, and extend throughout the school and community high standards of Christian character". The club stands for the development of spirit, mind, and body. It aims to serve the home, church, and

school. Its slogan is "Pure Thoughts, Pure Words, Pure Action".

During the first semester of this year Union High's Tri-Hi-Y assisted in the sale of war bonds and stamps; it sponsored the giving of Christmas gifts to underprivileged children and it provided the Christmas tree for the school library.

The Industrial Arts Club is a strictly masculine one and membership in this club is open to all male students interested in construction and repairing of articles made of metals. This club benefits both its individual members and the school. It gives the members a better understand-

ing of the different trades which are listed under the fields of metal. Members build and repair things for the school. Because of a material shortage due to the war, some of the members are working on building flying model airplanes.

The Hi-Y is the most socially active boys' club in Union. The enthusiasm among the boys of Union to join the Hi-Y is so great that they are forced to refuse some of the students who wish to become members.

The Hi-Y clubs of various schools are in competition with each other to see which can out-do the other to further the social standing of the

school. They hold parties for disabled children, send pupils to Y. M. C. A. Conventions, and introduce the Hi-Y in other schools. The Hi-Y group doing this receives credits and the club having the most credits is offered prizes for their school.

Hi-Y members are easily recognized because they have special Hi-Y pins and emblems which signify that they are members of the Hi-Y.

The Band was an active organization this year. Summer practices were held three days a week which all band members attended. The group played at all the football games, assemblies, and pep meetings. They also participated in bond rallies and honor roll dedications.

Mrs. McGregor, who has taken her husband's place, has done very splendid work. The many Senior members who will not return next year will not forget her nor the musical knowledge she has taught them. The school is justly proud of the Band and the work it has done.

The Library Club is composed of Junior and Senior girls who have charge of issuing library books and helping students to find the material they may need for their studies. These girls usually devote a period a day to this work, some

begin in the morning and after school. The fees which are collected for overdue books are used to purchase the late books for the library.

An annual tea is held by this group to which all faculty members are invited.

The Ensemble this year has a membership of eighteen girls, chosen because of their musical talent. The training these girls receive is further advanced than the choral group. Each girl is taught how to read music and also to carry a

part. They participated in the Christmas program as well as the three morning broadcasts of carols. This is a representative group for Union High School in civic affairs.

The Girls' Chorus, consisting of girls from the Freshman, Sophomore, Junior and Senior classes, is under the direction of Mrs. McGregor. During the past school season, several members attended a concert which featured Miss Jeanette McDonald.

This organization provides an opportunity to the high school girls who are vocally talented to participate in the activities which the group sponsors.

The chief objective of the Home Economics Clubs is to have so much interest in others that we improve ourselves.

The Senior Home Economics Club was organized primarily to give those sophomore, junior, and senior girls who are unable to include Home Economics in their class program the opportunity to keep in touch with various phases of that subject through club work. Earning money for purchasing small furnishings for the Home Economics

House comprises an interesting portion of the group's activities.

The organization of the Junior Home Economics Club was possible because of many Freshmen girls' particular interest in handicrafts and a few other phases of their home economics program. By making gifts and candy, the club has been able to contribute small amounts of money to the fund for buying articles to be used in the Home Economics House.

Membership in the Science Club is represented by both lower and upperclassmen. These members consider educational activities much more beneficial than social activities. The primary purpose of the club is for the advancement of the scientific knowledge of its members.

During their meetings reports are given by the individual members of the club. These reports pertain to science including the prominent

men in that field. Frequently they conduct experiments.

The members of the Science Club have a distinct advantage over the rest inasmuch as they obtain scientific facts that would not be absorbed in the ordinary classroom. The scientific world of today demands that people have a functioning scientific knowledge.

The Spanish Club is one of the more-or-less exclusive clubs of Union in respect that only Spanish students can hold membership. The purpose of this club is to further promote conversational Spanish. They do this by playing games similar to Scrambeamber in Spanish, singing Spanish songs, reading Spanish newspapers, working our crossword puzzles in Spanish, and

corresponding with Latin-American students who are studying English. Their meetings are conducted in Spanish and not one word of English is spoken. The members of the club realize that this is one time when they can learn something and really have fun too. The enthusiasm displayed by the Spanish students at their club meetings prevails in their daily classes as well.

One of the new organizations introduced at Union this year is the Sports Club. The membership of this club is open to all male students. During their meetings, discussions are held about games of mutual interest.

The principles and goals of the Sports Club

are ones which we would all do well to emulate. These boys learn the value of good fellowship, fine sportsmanship, and fair play whether they be participants of a game or not. They then continue to cultivate these traits both in and out of school, and throughout the remainder of their lives.

One of the most awaited bright spots in our school year is receiving our school paper which is distributed once a month and issued by the Hi-Lite Staff. This year is the first time that the students of all classes are eligible for membership on the Hi-Lite Staff.

The Staff works under difficulties for there is no special time set aside in which they can prepare the paper for circulation. As a consequence,

they have to work on the paper in their spare time, which is often in the evenings.

The purposes of the Hi-Lite Staff are to entertain; to bring the students news of happenings that would otherwise be unknown to them; to unite the student body by making them know each other better; and to enable the pupils interested in journalism to find out just what talents they possess in that field.

A new club added to the roster of clubs at Union High is the Archery Club under the sponsorship of Mr. Gutzler. The main purpose of the club is to introduce archery among interested and competent students. The club hopes to some day hold a tournament to determine the champion archers. Membership in the club is granted only when the member has been endorsed by at least

two members and approved by the president and secretary. From the fees and dues collected, the members of the club buy the material necessary to build some of the equipment they use. The initial membership is two dollars and fifty cents which provides the member with a flat unfinished bow and arrow.

The Girls' Athletic Association, under the supervision of Miss Glenn, is the only athletic association for girls. The object of this club is to promote active sports among the girls. The girls also learn good sportsmanship. The members

took hikes and played many games during the club meetings. With the dues that were collected, the club bought equipment for the gym and the health classes.

The Dramatics Club is a new organization which is only open for membership to Freshman and Sophomores. This club is under the direction of a new faculty member, Miss Pusateri. The purpose of this club is to learn the fundamentals of

staging a play. The members presented the Christmas play, "Why the Chimes Rang". From this group of performers, a star of tomorrow may be found.

The Civics Club is a newly organized group sponsored by Miss Hammerstrom. The organization is open only to Freshmen. The main objective of the club is to promote worthy civic conduct. The theme for the Civics Club Program for the year is the "Seven Aims of Education." They are:

Worthy Use of Leisure Time, Vocation, Character, Worthy Home Membership, Citizenship, Health, Command of the Fundamental Processes. One of the club's projects is the making of "Career Books" by each member.

The English Club of Union High School is composed of pupils from the different classes. Its purpose is to create an interest in the different phases of English that will help the pupils to become more worth-while members of some

organization or club in the community.

They learn to read that they may entertain others; how to speak clearly in an interesting manner; how to conduct meetings and how to build programs for different events.

Membership in the Commercial Club is open to Junior and Senior students in the Commercial course. The group is interested in studying business practices so as to acquaint themselves with what business will demand of them as secretaries

and stenographers. The club raises funds through its pencil selling project and club dues. The returns are used to purchase useful equipment for the Commercial Department.

## Our Band

Each football season our band adds color to the game. As they march across the field carrying the flag and the drum majors strutting proudly, we are thrilled by the excitement of the coming game. In blue and white uniforms they seem the center of our bleachers as they lead us in school songs. The band practices long and faithfully in preparation for the games and their part in them.

It seems the greater the excitement grows in a football game the greater grows the appetites of the fans—especially on those freezing cold evenings when a cup of steaming hot coffee tastes

so good. So that these fans may not be disappointed, Mr. Robertson and his aides, who were volunteers, undertook the operation of our refreshment stand. Scrubbing and preparing the stand for each game; trying to wait on everyone at the same time; and going out to sell peanuts and hot-dogs may not be the easiest type of work in the world to do, but it is a sure way to have fun! Mr. Robertson and his aides enjoyed their work so very much that they had only one regret, that being—their activities ceased with the football season.

# Cheerleaders

These six cheerleaders have aroused much interest and enthusiasm among the student body and spectators at the many football games. With newly organized cheers and songs, the student body had the real football spirit at the pep meetings. The new cheerleaders chosen for the coming year are: Rose Sultie, Dorothy Yanega, Patty Hixson, Dolores Kubovic, Catherine McGivern, Dorothy Machak and Henry Boni. This group received worthwhile training from the Senior cheerleaders which will enable them to lead cheers at future football games and pep meetings.

1st, left to right: L. Conrad, B. Babyak, L. Del Tozzotto.  
2nd—E. Petrus, D. Tomich, R. Panconi.

The 1944 football season was a very exciting and successful one for both the team and spectators. The team won all nine of the scheduled games. The deciding championship game, which was lost to Glassport, eliminated us from the roll of contenders for the title crown. Coach Edward McCluskey was assisted by William P. Miller and Harry W. Clarke. This was the first football team

which any of these men had coached. The cooperation and eagerness of the team to make each game a victory aided the coaches in bringing the boys so close to victory. This year, a large number of underclassmen who reported for the football season received intensive training to prepare them for next year's team.

- 1st, left to right: R. Ceccatto, S. Pensak, F. Sprando, W. Buckwalter, J. Collins, J. Marcus, C. Semenic, J. Tobin.

## Basketball

Union was successful in all of its sports again this year. During the year, sports have been one of the leading events in our school life. In the spring, we held a high record in baseball. In the fall, football was the ranking sport. During the winter, basketball held our interest as we enthusiastically contested every game. The season proved to be an exciting one. This year Union was in Section 2 Class A. The team moved rapidly to a position of one of the top teams in the Section by making twenty-three games victorious and losing only four. Coach McCluskey got the team well prepared before each game and with the spirit which the boys had, they went out on the floor determined to fight hard and to win. In the play-off with Wash High, we lost by only two points. The student body attended the games regularly during the entire season and supported the cheerleaders in their new and peppy yells.

# PATRONS

Our Patrons have been generous in their support of our annual. The Seniors of 1945 wish to express their gratitude.
